Inform → Equip → Alert → Mobilize

The purpose of the Bible Baptist Church Culture Impact Team (CIT) is to assist church leadership in equipping the congregation to respond as "salt and light" to the moral issues that impact the community, state and nation.

May 21, 2017 - Volume 1, Number 5

- On May 7 our church welcomed Matt Barnes and Pam Russell from the Capitol Commission to speak in the morning service. They each shared what they are doing to spread the gospel within our Indiana state government. If you missed them, check out our BBC sermons online at www.bbcministries.org/multimedia According to their literature, "Capitol Commission's mandate is not to influence political decisions or to reform society, but to faithfully present the gospel as God's means of transforming hearts." For more information, go to their website: www.capitolcom.org/indiana

- During the month of May-June, we as a church would like to send a note of encouragement and promise of prayer to our newly elected state governor, Eric Holcomb. Make sure that you include your name and address, as well as a personal note of encouragement. You can either mail the card directly, or bring it in to the church office by Sunday, June 9 and we will do a mass mailing.

- This Mother's Day season – don't forget Mothers who are hurting! CIT Facebook posted a great link to an article "7 Ways to Remember the Hurting Mother's This Mother's Day" by Lexi Behrndt. Here are two ways to get you started:
 - If they lost a child, say their child's name!
 - If they lost their only child, acknowledge their motherhood.
